of legislation And as Senator Carpenter has indicated, he has some specific wording that he wants in and we put throughout this bill and we will put through each budget bill certain wording which will help identify what these funds are for. So if you are interested, on page 15 for instance, there is specific wording talking about an appropriation of \$90,200 to be used in the Environmental Engineering area. I simply call this to your attention because this is a message that we are trying to use to beef up the whole budget process so that the bill has more in it than just figures.

PRESIDENT: Senator Carpenter?

SENATOR CARPENTER: At this point, I would like to the members of this body who probably don't realize it, because they are on it for the first time, this body for example doesn't get much respect from people who spend this money after we authorize it. And I am getting a little sick and tired because this is where the men sit. We are the ones who have all of the responsibilities and none of the controls. Now earmarking means only one thing.....
